** Novice Class will be offered for this contest.

This class is designed for pilots who would like to try IMAC in a stress free non-competitive environment. Novice class will fly on Saturday only. Aircraft DOES NOT need to be a scale aerobatic aircraft. Pilots will fly the 2020 Basic sequence along with the Basic class and will be judged and scored by IMAC certified judges. Pilot will receive tips, techniques, and feedback and this is a fantastic way to be involved on what precision aerobatics is all about without the competition and stress factor aspect of the contest. YOU WILL NOT BE DISAPPOINTED, (Disclaimer) there is no antidote for the IMAC bug bite.

SIMPLY ART IN THE SKY!
