

## **Scratch Built Ed Kazmirskis' Simla - \$495 firm**

Full-up ready to go, "Bind and Fly"

Wingspan: 102 inches

Fuselage Length: 73 inches

Engine: O.S. .95 2-stroke

Receiver: Spektrum 2.4 GHz DSMX 6-Channel RC Sport Receiver

Servos: All Hitec servos

Receiver Battery Pack: NiMH, 6v 2,000mah

For those of you that have seen her fly, she goes where you point her and flies great. You can read my build description and view more build images on my website @:

[https://balsaandglass.com/Balsa\\_Builds.html#Simla](https://balsaandglass.com/Balsa_Builds.html#Simla)

I can bring the plane to W-S RC flying field for you to inspect prior to purchase, or we can arrange to meet at a mutually agreed upon location within 50 miles of Arcadia, NC.

### **Cash only sale!**

For more information or if you are seriously interested in purchasing, contact Larry Nieman [l.nieman@yahoo.com](mailto:l.nieman@yahoo.com) or 937-475-2685 (text or voice).
